

[Why are dreams so fragile]

Johnny Virgil

Why are dreams so fragile,
So that a mild wind
Can crush them irrevocably?

Why are dreams so fragile,
So that a mouth full of dirt
Can shrink them to oblivion?

Why are dreams so fragile,
Why are dreams so fragile,
Why are dreams so fragile?

This is not a song,
But it keeps ringing in my ears.

What should we do or say
To change this for good?
